HARDY PERENNIALS

In answer to a growing need for hardy garden plants which take less care and attention, we are submitting herewith a list of hardy perennials worthy of the attention of one and all.

GERBERA JAMESONI HYBRIDIA (Transvaal Daisies)

THE NEW DOUBLE GERBERA

(see front cover)

These beautiful double gerberas have won blue ribbons for the past three years at the Los Angeles County Fair. Milliken Nurseries has the exclusive distribution of this strain known as "The Richards Strain." This strain is superior to others in the size of the flowers and the greater variety of colors offered. Where more than one division is purchased there will be no two plants of the same color. Mixed colors only.

Double Gerbera prices: Where more than one division is purchased, you will receive all different colors. No duplicates unless the order is for more than 12 divisions. All divisions are three crown.

MILLIKEN'S CHOICE CANNAS

We offer you these fine varieties. Cannas are becoming increasingly popular because of their long blooming period, and because of their mass color effects. Being only semi-hardy, they must be winter stored like dahlias.

AMBASSADEUR

Appropriately referred to as the "Bronze Leaved President." A vigorous free-flowering brilliant cherry red. Grows 5 feet.

DAZZLER

Masses of fiery red flowers overlaid with an orange suffusion completely covering the dark green of the foliage. Grows 4 feet.

KING HUMBERT

One of the most widely known of the cannas, but still one of the best. A brilliant flame orange.

LA FRANCE

A beautiful shade of La France rose with a touch of cream.

METEOR

The rich crimson-red flowers form immense trusses of great beauty. They are borne well above the foliage and are produced in profusion.

MRS. A. CONARD

A popular variety producing large trusses of exquisite shell pink flowers.

PRESIDENT

The greatest red canna. It is neither a crimson nor a scarlet but a glowing vermillion. Vivid green leaves. Grown 4½ feet.

QUEEN HELEN

A fine yellow that flowers freely. Effective in mass planting.

SAN DIEGO

Bronze foliage and beautiful orange yellow flowers. For a blaze of color this variety is hard to equal.

30c each, 4 for \$1.00, 12 for \$2.50, 2 each variety for \$3.60.

GLOXINIA HYBRIDS

SINNINGIAS

Something new used as a garden bedding plant. Beautiful trumpet shaped flowers of pink, blue, lavender, white or red, with vivid velvety green foliage. These plants do well as potted plants or may be bedded in your shady garden. They are not difficult to grow.

30c each, or 1 each of 4 different colors \$1.00 postpaid.

TIGRIDIA PAVONIA HYBRIDS

MEXICAN SHELL FLOWERS

8 Bulbs—Mixed Colors	\$1.00
20 Bulbs—Mixed Colors	2.00

We offer a well blended mixture of Orange, Scarlet, Dark Rose and Yellow. Plant these bulbs 1 inch deep in a light, rich, well-fertilized loam. Will bloom July and August.

RANUNCULUS ASIATICUS

FLORIST'S RANUNCULUS

Our Giant Superba strain produces double and semi-double flowers of unusual size and will bloom within ten or twelve weeks after planting.

In climates of mild winters where the ground is seldom frozen, these bulbs may be planted any time from the middle of August until the first of April. In colder climates, plant after the spring thaw, or in your conservatory so that they may be transplanted as soon as the ground thaws. Where the springs are cool the bulbs may be planted as late as first of May.

GARDENIAS

Often called cape jasmine for it is pure white and gives off a rich sweet perfume. The following list gives you a choice of varieties, one of which will surely fit in your garden needs. Hardy down to 15°.

GARDENIA VEITCHI

This variety produces many medium sized flowers and does not grow to more than about 30" high and 36" wide. It is a very good potted plant and in cold climates must be grown in a glass house.

GARDENIA GRANDIFLORA (Mystery)

An improved type with very large, beautifully formed double flowers. The plants have large, deep green, shining leaves, and are free flowering. Grown out of doors it blooms May, June, and July in mild climates. In cold climates it must be grown under glass.

GARDENIA RADICANS

Miniature gardenia, a charming fragrant little double about 3/4" across. Ideal for boutonnieres. Plant is dwarf and compact and therefore makes an ideal potted plant.

Gardenia veitchi and grandiflora mystery out of 4" pots; gardenia radicans are out of 2" pots.

1 plant 50c, 3 plants \$1.35 postpaid

SEEDS

A California Wild Flower Mixture: a fine mixture of the better California Wild Flowers. 1 packet 25c.

Sweet Peas: Mixed colors only, the best seed available. **Packets to plant 10' row, 10c; 3 packets 25c.**

Cupid Sweet Peas: dwarf bush type for bordering paths or flower beds. Large flowers and very colorful. Have a long blooming season. **Packet for 25' row, 25c.**

—A PERENNIAL BORDER—

Pa, who farms but don't know much about flowers, says: "A perennial border is a relative who comes for a visit."

MEYER LEMON

A DWARF TREE (OR BUSH) WHICH BEARS FRUIT VERY YOUNG—READY NOW.

Can be grown ANYWHERE! Imagine growing and picking lemons in your own home. The dwarf characteristics of these lemons allows them to be grown in pots. Accordingly, they may be taken indoors

or placed in conservatories in climates where the winters are severe, and then returned to the yard, porch or patio during the balance of the year.

Ornamental Value. These plants have shiny dark green leaves, with deep orange, oval shaped lemons and sweetly scented flowers larger than orange blossoms. They make ideal house plants, or porch and garden specimens.

Quality and Use of Fruit. Meyer lemons bear a large fruit of exceptional quality which may be used for the same purposes as the ordinary commercial lemons.

Size of Plants Offered. Only two-year plants out of 4-inch pots are offered this spring. These plants should bloom and set fruit this coming summer. The illustration above is of a three-year-old plant. Note the half-matured fruit.

Meyer Lemon plants out of 4" pots, \$1.00 each, postpaid to any point in the United States. Plants out of 5 gallon cans (4 years old) are \$3.50 f.o.b. Claremont.

GARDEN CLUB OFFER

Plants For Growing In Pots

COLEUS

Beautiful variegated foliage plants easily grown in full or part shade. They like heat and will freeze in cold weather. We offer a fine assortment of colors and you may identify the following descriptions by name.

CALICO

Leaves splotted with many colors, no definite patterns. Colors are green, yellow, maroon red, brown, purple, with no one color predominating.

GREEN AND WHITE

Stems and veins are purplish red with the center of the leaves a yellow white. The edges of the leaves are a vivid green 1" wide.

PERSIAN CARPET

Leaves are highly colored, the centers being a brilliant rose pink sometimes quite red, the margins about $\frac{3}{8}$ " wide blotched brown, green, yellow, and maroon. Very effective.

PINK VELVET

Leaf centers are a field of rose pink, splotted with pinkish brown, and the edge is $\frac{1}{8}$ " of vivid light green. Colorful and interesting with a velvet sheen.

GREEN BEAUTY

A light green color, with occasional brownish purple spots or edgings on leaves. Ideal in a collection to contrast with the other plants.

RED CENTER

The center panel of leaf is pink to red depending on the amount of light it receives. Red is bordered with black and cream spots and leaf is edged with $\frac{1}{2}$ " of vivid green.

AUTUMN DELIGHT

Leaves are blackish green with wide views of autumn pink, edges deeply cut and colored irregularly $\frac{1}{8}$ " wide with a brilliant green.

AUTUMN AMBER

Leaves are basically light green overlaid with a velvet sheen of amber brown. The edges are scalloped and clear green.

CHOCOLATE COATED

Leaves are a little narrow. The center is a chocolate brown sometimes flaked red and the edge is a vivid green $\frac{3}{8}$ " wide.

PLUM CRAZY

Red stemmed and veined, plum colored leaves, with green edges, rather narrow leaves.

TRAILING COLEUS

For hanging baskets

GREEN CASCADE

Basically green with many small flakes of yellow brown and with red predominating in the center of each leaf. Trails and spreads making an ideal hanging basket plant. In the distance it appears as a green haze.

ROSE CASCADE

Another fine spreading and trailing variety. Similar to above except that from a distance one gets the impression of a soft rose pink haze.

Coleus out of 3" pots, 30c each, 4 for \$1.00,
12 for \$2.75 postpaid.

Plants For Pot Culture

IVIES

Evergreen of the English ivy type, they make ideal items for that hall table or over your fireplace.

HEDERA MERION

Merion Beauty ivy is an outstanding development among ivies. The leaves are small and many. The branches are short and often. The general effect is a very bushy plant, which looks most like a bushy fern.

2" pots 35c each, 3 for \$1.00 postpaid

4" pots 75c each, 3 for \$2.00 postpaid

HEDERA CORSICA

Corsican ivy is very interesting, having long trailing branches and heart shaped leaves. A good plant for a rockery or as a pot specimen.

2" pots 35c each, 3 for \$1.00 postpaid

4" pots 75c each, 3 for \$2.00 postpaid

HEDERA CANARIENSIS

Algerian Ivy, one of the largest leaves of all the evergreen ivies. Except for its deep green color it is identical to the green and white variegated ivy with which most gardeners are familiar.

3" pots 35c each, 3 for \$1.00

HEDERA CANARIENSIS VARIEGATA

Algerian Variegated Ivy, green and white, sometimes with a touch of pink. Leaves are large and somewhat triangular.

3" pots 35c each, 3 for \$1.00

HEDERA HAHN

Hahn's self-branching, another small, many-leafed ivy, but more trailing in habit than "Merion Beauty," mentioned above.

3" pots 35c each, 3 for \$1.00

IVY SPECIAL

One of each variety for \$1.50 postpaid.

VIOLETS

NOVELTIES

Pink Violets are a novelty and very satisfactory. Flowers are a rose pink and produce heavily when once established.

Single White Violets are extremely fragrant, and are an essential item in old-fashioned gardens. These violets are hardy and a small start will produce flowers for many years.

Sturdy plants out of 2½" pots 35c each, 3 for \$1.00

NEW AND POPULAR CHOICE ROSES

The following are a list of the twelve best popular priced bush roses for the spring of 1941. All plants listed are No. 1 grade and although shipped to you this spring, will have a full crop of flowers late this season.

THE DOCTOR

The clear deep shell pink blossoms of this variety are perfectly formed. It is a heavy bloomer.

GOLDEN RAPTURE

If you want perfectly formed buds of a rich, strong yellow, choose this rose.

CHRISTOPHER STONE

A long, pointed bud opening to a large flower of vivid scarlet. It is unsurpassed for intense fragrance. It has an upright growth and bright green foliage.

TALISMAN

The brilliant orange-scarlet and golden yellow coloring of this bi-colored rose is so striking that it is a favorite of everyone. The buds are perfectly formed and have a delicious fragrance.

DUQUESSA DE PENARANDA

Long pointed buds with double flowers of orange-apricot. An upright strong growing bush. Very fragrant.

ETOILE DE HOLLANDE (Star of Holland)

For many years this rose has ranked high among red roses. It has crisp, brilliant red blooms which are fragrant.

McGREDY'S YELLOW

Large buttercup yellow flowers, a heavy bloomer and a vigorous bush.

PICTURE

A picture of loveliness, well shaped buds and medium sized, fragrant, rose-pink blooms. One of the finest pink roses.

MRS. SAM McGREDY

The buds are copper-orange blended with scarlet, roses are long-pointed, high centered and perfectly formed.

3 husky No. 1 bushes for \$1.50 postpaid
12 husky No. 1 bushes for \$5.00 postpaid
No orders for less than 3 bushes.

NIGHT

These are very double, dark maroon and black blossoms, have a fragrance, and a rich velvet-like sheen.

PRESIDENT HERBERT HOOVER

Multicolored combination of pink flame and yellow. The buds open slowly and are fragrant. Particularly sturdy in growth and heavy in bloom.

McGREDY'S IVORY

The buds are long and pointed, opening to well-formed flowers of creamy ivory-white.

SINGLE FLOWERED BUSH ROSES

Because of a growing popularity for the delicate and graceful single roses, we have included some of the most desirable.

DAINTY BESS

The lovely, delicate blooms of this rose resemble pink sweet peas. Strong growing, and everblooming.

LULU

Dainty little rose whose long, slender apricot buds are excellent for cutting. Profuse in bloom.

CECIL

Light buttercup yellow, making an excellent contrast with the healthy dark green foliage.

IRISH FIREFLAME

The entire bush gives the impression of warm colors from the maroon-tinted foliage to the profusion of crimson-orange buds and fiery flowers, orange-crimson shaded gold and pink. Fine for cutting, very fragrant.

INNOCENCE

Huge single white blooms with wine-red stamens and golden anthers. Full round petals. Fragrant.

VESUVIUS

Dark, unfading crimson flowers, with the shape and texture of Flanders poppies. The best single red.

3 husky No. 1 bushes for \$1.50 postpaid
12 husky No. 1 bushes for \$5.00 postpaid

General Information on Camellia Japonica

Camellias may be grown in containers for many years. Pots or boxes make ideal containers. Accordingly, for those in cold climates who have conservatories, the plant may be used in the patio during the outdoor season and then kept under glass in the cold season.

Camellia plants stand frost down to 10°; their buds will stand frost only down to 18°.

Few if any plants give more beautiful blooms for the amount of cash and care investment. After the original cost a slight amount of feeding and watering is all that is required.

After the plants have attained a height of 30" or more, it does not hurt them to cut the flowers. Prior to that time flowers should be cut only with very short stems of two inches or less.

If you are a camellia fancier or a beginning amateur, you will appreciate the quality of our stock, and delight in your results.
